On October 1, 1891, the 465 new students who were on hand for opening day ceremonies at Leland Stanford Junior University greeted Leland and Jane Stanford enthusiastically, with a chant they had made up and rehearsed only that morning. Wah-hoo! Wah-hoo! L-S-J-U! Stanford! Its wild and spirited tone symbolized the excitement of this bold adventure. As a pioneer faculty member recalled, “Hope was in every heart, and the presiding spirit of freedom prompted us to dare greatly.”

For the Stanford’s on that day, the university was the realization of a dream and a fitting tribute to the memory of their only son, who had died of typhoid fever weeks before his sixteenth birthday. Far from the nation’s center of culture and unencumbered by tradition or ivy, the new university drew students from all over the country; many from California; some who followed professors hired from other colleges and universities; and some simply seeking adventure in the West. Though there were many difficulties during the first months – housing was inadequate, microscopes and books were late in arriving from the East – the first year foretold of greatness. As Jane Stanford wrote in the summer of 1892, “Even our fondest hopes have been realized.”

**Ideas of “Practical Education”**

Governor and Mrs. Stanford had come from families of modest means and had built their way up through a life of hard work. So it was natural that their first thoughts were to establish an institution where young men and women could “grapple successfully with the practicalities of life.” As their thoughts matured, these ideas of “practical education” enlarged to the concept of producing cultured and useful citizens who were well-prepared for professional success.

Nearly 116 years later, the university still enjoys the original 8,180 acres (almost 13 square miles) of grassy fields, eucalyptus groves, and rolling hills that were the Stanford’s generous legacy, as well as the Quadrangle of “long corridors with their stately pillars” at the center of campus. It is still true, as the philosopher William James said, during his stint as a visiting professor, that the climate is “so friendly ... that every morning wakes one fresh for new amounts of work.”

**Current Perspectives**

In other ways, the university has changed tremendously on its way to recognition as one of the world’s great universities. At the hub of a vital and diverse Bay Area, Stanford is less than hour’s drive south of San Francisco and just a few minutes north of the Silicon Valley, an area dotted with computer and high technology firms largely spawned by the university’s faculty and graduates. On campus, students and faculty enjoy new libraries, modern laboratories, tremendous sports and recreation facilities, and comfortable residences. Contemporary sculpture, as well as pieces from the Stanford Museum’s extensive collection of sculpture by Auguste Rodin, is placed throughout the campus, providing unexpected pleasures at many turns. At the Stanford Medical Center, world-renowned for its research, teaching, and patient care, scientists and physicians are searching for answers to fundamental questions about health and disease. Ninety miles down
the coast, at Stanford’s Hopkins Marine Station on the Monterey Bay, scientists are working to better understand the mechanisms of evolution, human development, and ecological systems.

The university is organized into seven schools: Earth Sciences, Education, Engineering, the Graduate School of Business, Humanities and Sciences, Law and Medicine. In addition, there are more than 30 interdisciplinary centers, programs, and research laboratories – including the Hoover Institution on War, Revolution and Peace; the Institute for International Studies; the Stanford Linear Accelerator Center; and the Stanford Center for the Study of Families, Children and Youth – where faculty from a wide range of fields bring different perspectives to bear on issues and problems. Stanford’s Overseas Studies Program offers students in all fields remarkable opportunities for study abroad, with campuses in Australia, Beijing, Berlin, Cape Town, Florence, Kyoto, Madrid, Moscow, Oxford, Paris, and Santiago.

Stanford People

By any measure, Stanford's faculty – which numbers just over 1,800 – is one of the most distinguished in the nation. As of the June of 2007, the faculty included 18 Nobel Laureates, four Pulitzer Prize winners, 24 MacArthur Fellows, 21 recipients of the National Medal of Science, three National Medley of Technology recipients, 228 members of the National Academy of Arts and Sciences, 135 members of the National Academy of Sciences, 83 National Academy of Engineering members, 29 members of the National Academy of Education, seven Wolf Foundation Prize winners, seven winners of the Koret Foundation Prize and three Presidential Medal of Freedom winners. Yet beyond their array of honors, what truly distinguishes Stanford faculty is their commitment to sharing knowledge with their students. The great majority of professors teach undergraduates both in introductory lecture classes and in small advanced seminars.

Currently 14881 students, of which 6689 are undergraduates, live and study on campus. A little more than 40 percent come from California, but all 50 states and approximately 68 countries are represented as well. Among undergraduates, approximately 55 percent are African American, Asian American, International, Mexican American, Native American, Native Hawaiian or Other Hispanic in ethnicity. Like the faculty, the Stanford student body is distinguished. Approximately 10 students apply to Stanford for every place in the freshman class with 89% of those admitted finishing in the top 10% of their high school class. Ninety-four Stanford students have been named Rhodes Scholars, 74 have been selected Marshall Award winners, and 49 have been chosen Truman Scholars. Nearly 90 percent of graduating seniors plan to attend graduate or professional schools. Stanford students also shine in a tremendous array of activities outside the classroom – from student government to music, theater, and journalism. Through the Haas Center for Public Service, students participate in many community service activities, such as tutoring programs for children in nearby East Palo Alto, the Hunger Project, and the Arbor Free Clinic.

In the athletic arena, Stanford students have enjoyed tremendous success as well. Stanford fields teams in 36 Division I varsity sports (15 men, 20 women, 1 co-ed). Of Stanford’s 95 NCAA titles (107 national), 55 have been captured since 1990, by far the most in the nation. Thirty-eight of Stanford’s athletes and coaches participated in the 1992 Olympics in Barcelona, 49 competed in Atlanta at the 1996 Games, 34 represented Stanford at the 2000 Games in Sydney, and 43 Stanford associates competed at the 2004 Games in Athens. Intramural and club sports are also popular; over 1,000 students take part in the club sports program, while participation in the intramural program has reached 9,000, with many students active in more than one sport.

Looking Ahead

In her address to the Board of Trustees, in 1904, Jane Stanford said, “. . . Let us not be afraid to outgrow old thoughts and ways, and dare to think on new lines as to the future of the work under our care.” Her thoughts echo in the words of former Stanford President Gerhard Casper, who has said, “The true university must reinvent itself every day . . . At Stanford, these are days of such reconsideration and fresh support for our
One of the most respected and admired athletic administrators in the nation, Bowlsby enters his third full year as the Jaquish & Kenninger Director of Athletics at Stanford University, a position he was appointed to on April 25, 2006 after spending 15 years at the helm of the University of Iowa's athletic program. In his initial two years in the position, Stanford has continued its well-earned reputation of fielding the most successful and wide-ranging Division I-A athletic programs in the nation.

As Stanford's sixth athletic director, Bowlsby succeeds Ted Leland (1991-2005), Andy Geiger (1979-90), Joe Ruettz (1972-78), Chuck Taylor (1963-71) and Al Masters (1925-63). Bowlsby directs a department that includes 35 intercollegiate varsity teams – 15 men's, 19 women's and one coed – plus the physical education department, intramurals, club sports, open recreation and the Stanford Golf Course. The department has an annual budget of approximately $75 million and a staff of over 225.

"Bob Bowlsby represents the best professional and personal values when it comes to student-athletes," said Stanford University Provost John Etchemendy. "He understands that the success of an athletics program is not simply measured in wins and losses, but in the academic achievements and character of the young women and men who work so hard on the field and in the classroom."

Under his administrative guidance, Stanford claimed its unprecedented 14th straight U.S. Sports Academy Directors' Cup last year, emblematic of the top overall program in the country. Sixteen Stanford teams boasted Top 10 finishes, winning national championships in women's cross country and synchronized swimming. In addition, the women's volleyball, women's basketball and men's golf teams enjoyed runner-up NCAA Tournament finishes in their respective sports, while the men's basketball team advanced to the Sweet 16 of the NCAA Tournament. Eight Stanford teams claimed conference championships.

Stanford's student-athletes were also highly-decorated last season. Two players – Foluke Akinradewo (women's volleyball) and Candice Wiggins (women's basketball) – earned national player of the year accolades.

Stanford student-athletes continue to excel in the classroom, as 14 Cardinal student-athletes earned academic All-America status during the 2007-08 season. Six Stanford student-athletes – Neftalem Araia (cross country), Russell Brown (track and field), Rachel Buehler (women's soccer), Tanner Gardner (wrestling), Rob Grube (men's golf) and Arianna Lambie (women's cross country) – were named Pac-10 Scholar Athletes of the Year.

Ten Stanford student-athletes – Araia, Buehler, Dylan Carney (men's gymnastics), Michael Garcia (men's track and field), Gardner, Sandy Hohener (men's water polo), Graeme Hoste (men's track and field), Josh Hustelt (track and field), Lambie and Laura Shane (lacrosse) – were named NCAA Postgraduate Scholars. In addition, Carney was the recipient of the Walter Byers Postgraduate Scholarship, the highest academic honor in intercollegiate athletics.

Bowlsby continues to leave his mark in Stanford's coaching circles. Under first-year head coach Jim Harbaugh, the Stanford football team was on of the most improved squads in the Pac-10 Conference last season, as evident of wins over top-ranked (USA Today) USC and defending Pac-10 Conference co-champion Cal. Last spring, Bowlsby ushered in a new era of Stanford basketball with the hiring of head coach Johnny Dawkins.

Throughout his career, Bowlsby has emerged as a national leader in intercollegiate and amateur athletics. He was named in February, 2007, to the United States Olympic Committee Board of Directors. He has previously served as President of the NCAA Division I-A Athletic Directors' Association (2002-03), Chair of the NCAA Division I Men's Basketball Committee for two years (2003-05) and a committee member for five years, Chair of the Big Ten Administrator's Council (2002-04) and Chair of the NCAA Management Council.

Bowlsby was appointed by President George Bush as a member of the Commission on Opportunities in Athletics in 2002-03. The committee was led by U.S. Secretary of Education Rod Paige. Bowlsby was elected chair of the NCAA Olympic Sports Liaison Committee and represented the NCAA as one of two voting members on the United States Olympic Committee Board of Directors. He served as a member of the NCAA/U.S. Olympic Committee Task Force chaired by Cedric Dempsey and George Steinbrenner.

In addition, Bowlsby served as chair of the NCAA Wrestling Committee and has served on NCAA committees on Financial Aid and Amateurism, the Special Committee to Review Amateurism Issues and the Special Committee to Review Financial Conditions in Athletics.

Bowlsby has also served as an Executive Committee member with both the National Association of Collegiate Directors of Athletics and the Division I-A Athletic Directors Association and served as President of the I-A organization for two years.

The National Association of Collegiate Directors of Athletics (NACDA) named Bowlsby in 2001-02 as Central Region Athletic Director of the Year and Sports Business Journal selected him from the four regional award winners as the National Athletics Director of the Year. The award highlights the efforts of the athletic directors for their commitment and positive contributions to campuses and their surrounding communities.

As the chief administrator for Iowa's athletic department from 1991-2006, Bowlsby earned a reputation as one of the most admired, energetic and ambitious athletic administrators in the nation. Bowlsby guided and supervised the merger of the Hawkeye's women's and men's athletics departments while enabling Iowa to maintain its standing as one of the most visible and successful Division I athletic programs.

Under his leadership, Iowa enjoyed unprecedented success and growth in the area of fund raising and facilities. Bowlsby and the UI Development staff put in place $40 million in endowments to help support Hawkeye student-athlete scholarship aid. In addition, he managed the planning and construction of $120 million in facility projects on campus, including an $87 million renovation to Kinnick Stadium.

A native of Waterloo, Iowa, Bowlsby became Iowa's 10th Athletic Director in June, 1991, after serving in the same role at the University of Northern Iowa since 1984. Bowlsby earned his bachelor's degree from Moorhead State University (Minnesota) in 1975 and his master's degree from the University of Iowa in 1978. He and his wife, Candice, have four children: Lisa, Matt, Rachel and Kyle.
Principles That Guide Us

We Will Teach

• By encouraging our student-athletes to capture all the joy, power and extraordinary personal growth that comes to those who compete and support athletic excellence.
• By hiring and retaining the best coaches and staff members available and arming them with the tools to achieve at the highest level.
• By fostering and nurturing a coaching, physical education and recreation staff that is committed to teaching with integrity & ambition and that performs in a manner which is consistent with the academic priorities of Stanford University.
• By recognizing the need to work as a team while valuing each individual’s unique characteristics and abilities.
• By committing ourselves to the personal development and well being of our student-athletes and staff. Those who participate at all levels will learn the benefits of teamwork, discipline, goal setting, physical fitness, healthy lifestyles, character development, self confidence, sportsmanship, and an appreciation for lifelong learning.

We Will Lead

• By being the model of success, of universal opportunity, and of unwavering commitment to the ideal of the scholar-athlete.
• By operating with integrity as we follow the spirit and the letter of each rule. Integrity will be displayed in our policies, performances and programs.
• By continuing our long history of conference and national prominence through a commitment to cutting edge involvement in athletic issues.

We Will Win

• By maximizing our effort in every competition, on every team and in every setting where skill, determination and hard work combine to achieve singularly successful results.
• By having an uncompromising commitment to Conference and National championships and by providing each student-athlete with the tools necessary to be successful at the highest levels of both academic and athletic performance.
• By creating a commitment to a university-wide wellness culture that will allow Stanford students, faculty and staff to maximize their health and fitness opportunities throughout their lives.

We Will Serve

• By respecting, honoring and responding to the needs of our student-athletes, coaches, colleagues, advocates and members of our larger community.
• By encouraging innovation and creativity. We will harness technology to extend our reach and to interface with our various internal and external constituencies.
• Through fiscal responsibility in all elements of departmental operations.
• By advancing outreach as a fundamental component of the department, we will strive to enhance the overall mission of the University through competitive excellence, effective outreach and an on-going commitment to customer service.
• By utilizing the department resources and physical facilities to serve the campus community, our alumni and our supporters throughout the world.
• By valuing our heritage, and in doing so we commit ourselves to championship caliber athletic achievement and the on-going enhancement of the traditions of Stanford Athletics, including leadership, individual and team achievement & intense pride and loyalty.

Mission Statement

From its founding in 1891, Stanford University’s leaders have believed that physical activity is valuable for its own sake and that vigorous exercise is complementary to the educational purposes of the university. Within this context for human development, it is the mission of Stanford’s Department of Athletics, Physical Education and Recreation to offer a wide range of high quality programs which will encourage and facilitate all participants to realize opportunities for championship athletic participation, physical fitness, health and well being.
Stanford captured its unprecedented 14th consecutive U.S. Sports Academy Directors’ Cup last year, finishing with a total of 1461 points after placing in 21 postseason championships and earning points in the maximum 10 women’s sports and nine men’s sports. Stanford boasted an impressive 12 top-five finishes, winning a national championship in women’s cross country, placing second in women’s volleyball, women’s basketball, men’s gymnastics and men’s golf, third in men’s and women’s swimming, women’s gymnastics, women’s water polo and fifth in women’s indoor track and field and women’s tennis. Stanford also finished seventh in men’s indoor track, eighth in fencing, ninth in women’s soccer, softball and men’s basketball, 17th in men’s tennis and 19th in men’s cross country and wrestling.

Fall
Stanford finished fall competition with 315 points, good for third place in the Division I Sports Academy Directors’ Cup standings behind California (370) and USC (343). The Cardinal scored points in five of nine fall sports, led by a strong showing by the women’s cross country team, which captured its third straight NCAA championship. The women’s volleyball team made another appearance in the NCAA title match, while the women’s field hockey (9th), women’s soccer (NCAA third round) and men’s cross country teams (19th NCAAs) all enjoyed strong fall showings.

Winter
Stanford took control of the Directors’ Cup standings with a strong showing in the winter, as 10 Cardinal teams accounted for 767 points. Stanford women’s basketball team advanced to the championship game of the NCAA Tournament while the Cardinal men’s and women’s gymnastics team finished second and third, respectively, at the NCAA Championships. Stanford finished third in men’s and women’s swimming, fifth in women’s indoor track and field, seventh in men’s indoor track and field, eighth in fencing, ninth in men’s basketball and 19th in wrestling.

Spring
Stanford teams followed up their strong winter performances with an impressive spring, netting 468.00 points. The Stanford women’s water polo team placed third at the NCAA Championships while the men’s golf team and women’s tennis team finished second and fifth, respectively, at their NCAA Championship events. Stanford also placed ninth in women’s track and field, 17th in men’s tennis and 25th in women’s golf.

Directors’ Cup Overview
The Sports Academy Directors’ Cup was developed as a joint effort between the National Collegiate Association of Collegiate Directors of Athletics (NACDA) and the USA Today in 1993-94 in an effort to honor universities that strive for success in all of their sports programs. The program was expanded in 1995-96 to include Division II, III and the NAIA. Each institution is awarded points based on an institutions finish in 20 sports – 10 each for men and women.
NCAA championships are commonplace at Stanford University, as Cardinal teams have won national titles at an unprecedented rate, including a national-best 79 since 1980 and 56 since 1990. Stanford has won at least one NCAA championship for 32 consecutive years and has won four national titles in a single season nine times.

Nine different Stanford teams have won at least five national titles, including men’s tennis (18), women’s tennis (16), men’s water polo (11), women’s swimming and diving (9), men’s swimming and diving (8), men’s golf (8), women’s volleyball (6), synchronized swimming (6) and women’s cross country (5). A total of 39 Stanford teams have won at least one national championship.

Stanford teams have won a total of 109 national championships. In NCAA competition, Cardinal teams have won 95 team titles, including 58 men’s championships and an NCAA-best 37 women’s titles.
